Chuck Futel & Associates LLC is a team of financial services professionals who have demonstrated expertise in wealth creation, debt management, and insurance protection. The financial services industry has a 95% failure rate when it comes to helping individuals and families become financially independent. Most Americans have been abandoned by the financial services industry. Despite the robust media advertising, most Americans have been abandoned by the financial services industry. Brokers and advisors from major firms only accept clients with investment assets of $250,000 and above. Insurance companies have cut their services and commoditized their products. Banks and lenders have virtually stopped giving advice, choosing to focus on extracting more profit per client. Over the past 35 years, they have put hundreds of families in homes, helped to create millions of dollars in wealth for comfortable retirements and created family legacy through insurance protection. They have mounted a crusade to reduce the financial failure rate in our community. This company serves young families by educating them on the fundamentals of money. They serve pre-retiree and retiree by growing their investments and retirement plans. They also serve small businesses by providing complementary employee financial literacy meetings and employee retirement plans. Chuck Futel & Associates LLC is a 5 Star Wealth Manager. For the last three years, we have won the Collective Empowerment Group's Business of the Year. We have been recognized as one of the largest minority businesses in the Tri-State. Chuck Futel was recognized by President Barak Obama with the "Lifetime Achievement Award" in 2017. This company also provides a lucrative career opportunity for ambitious, entrepreneurial-minded individuals.
