Butler Tech has been part of the community for more than 40 years. Today, the school connects students to career technical education in more ways than ever before. High school students can receive career training in dozens of programs, along with completing their academic courses, at one of Butler Tech's high school campuses. Dozens more programs are taught by Butler Tech teachers in its 11 associate school districts. Many students receive college credit while working toward industry--recognized credentials. Butler Tech Adult Education offers students the opportunity to earn industry--recognized credentials in healthcare, public safety, business and industry, and commercial truck driving.
