Emerald Sparks financial services help keep your checking account and spending on the same page. Emerald Sparks Ltd , is a personal and business finance consulting company designed to help women and business owners solve their misconceptions about money. She curates personalized budgeting, debt repayment, credit rebuilding, and tax strategies for individuals who need assistance with their personal finances, while helping business owners with proper management of their business finances through bookkeeping, profit allocation and management, and tax reducing strategies. On your journey with Emerald Sparks, expect to receive first access to workshops, courses, educational tools, special discounts, etc. She is here to help you walk into your financial vision and take your finances to the next level. No more living paycheck to paycheck, no more saying ‘Not this Friday’, no more not realizing a profit from your business, no more not having transparency in your business. Personal Finance Services Include: – Financial credit restoration – Financial review, strategy and coaching – Tax preparation and filing – Notary Public State of Ohio – Online financial workshops Business Finance Services Include: – Bookkeeping – Business strategy package – Tax preparation and filing – Notary Public State of Ohio – Online financial workshops Hire Emerald to Speak! Emerald has helped everyday people, just like you, become extraordinary money masters by maximizing their income to make it do what they wanted it to do. Collectively, she has helped her clients pay off $100,000+ of debt, invest in real estate properties, and purchase $65,000 dream cars. She got her start at Fortune 500 companies such as Deloitte & Touché, Liberty Mutual Insurance, Fifth Third Bank, and Northwestern Mutual. She has seen it all in her 12 years in the financial service industry and now helps people live financially healthier lives through personalized curated budgeting and debt repayment strategies. She’s helped her clients increase their money mindset and start living the life they want to live financially, while eliminating creditor harassing phone calls, sleepless nights, and underwhelming bank accounts. She created her business to help people live financially healthier lives and maximize their income, while living in balance. Signature Speaking Topics Include: – Financial Basics for Teens and Young Adults – Business/Entrepreneurship – Credit Like A Boss – Budgeting Like A Boss – Investing Like A Boss – Savings Like A Boss – Being Your Authentic Self – Networking Effectively When You Don’t Like Small Talk
