Swain Consulting, LLC is Consulting firm that performs the Work Opportunity Tax Credit Program, which allows companies to avoid Alternative Facts as it relates to their taxes at the end of the year. We work diligently to help you claim tax credits based on specific target markets of employees hired during the year. We also offer classes for the small businesses that hire 1 - 10 employees per year. We have a working relationship with an Award winning CPA who specializes in payroll, accounting and taxes. For more information on how this program can benefit you, Please call 513-818-1753 to arrange an appointment to discuss in further detail how we could be the best news you ve heard all year!
